GREATNESS is a word which defies definition, yet

there are certain ingredients which might be said to produce greatness when combined in the right proportions. In a school such as Hoover this combination of elements results in molecules of intense strength, as is shown by her outstanding record. This record has been built upon the ideals for which Hoover stands. It has been built out of thirst for knowledge, respect for honor, desire for democracy and justice, admiration for dignity and beauty, and interest in development of initiative and independence. These things make Hoover great, but Hoover's greatness is more than a combination of abstract qualities. Tradition and ideals, responsibility and forthrightness, cooperation and truthfulness, courtesy and sportsmanship—all are merely words until fused with the human element which makes them constituents of greatness built on achievement.

It is therefore . . .

We therefore . . .

Dedicate . . .

. . . this 1948 Scroll to you, the students . . . to you who have gone before . . . to you who will come after . . . to you who live by the ideals and uphold the traditions of Hoover . . . to you who create the spirit and achieve the honors which make Hoover great . . . you are members of a long procession through Hoover's Halls . . . each of you contributes to her greatness . . . each of you gains something through contact with her . . . as Hoover is great, so are you . . . our Alma Mater shall always stand "in her majesty aglow," while the heights of Mount Verdugo echo her prayer that all of your life you might carry with you some of her greatness.

You and Your

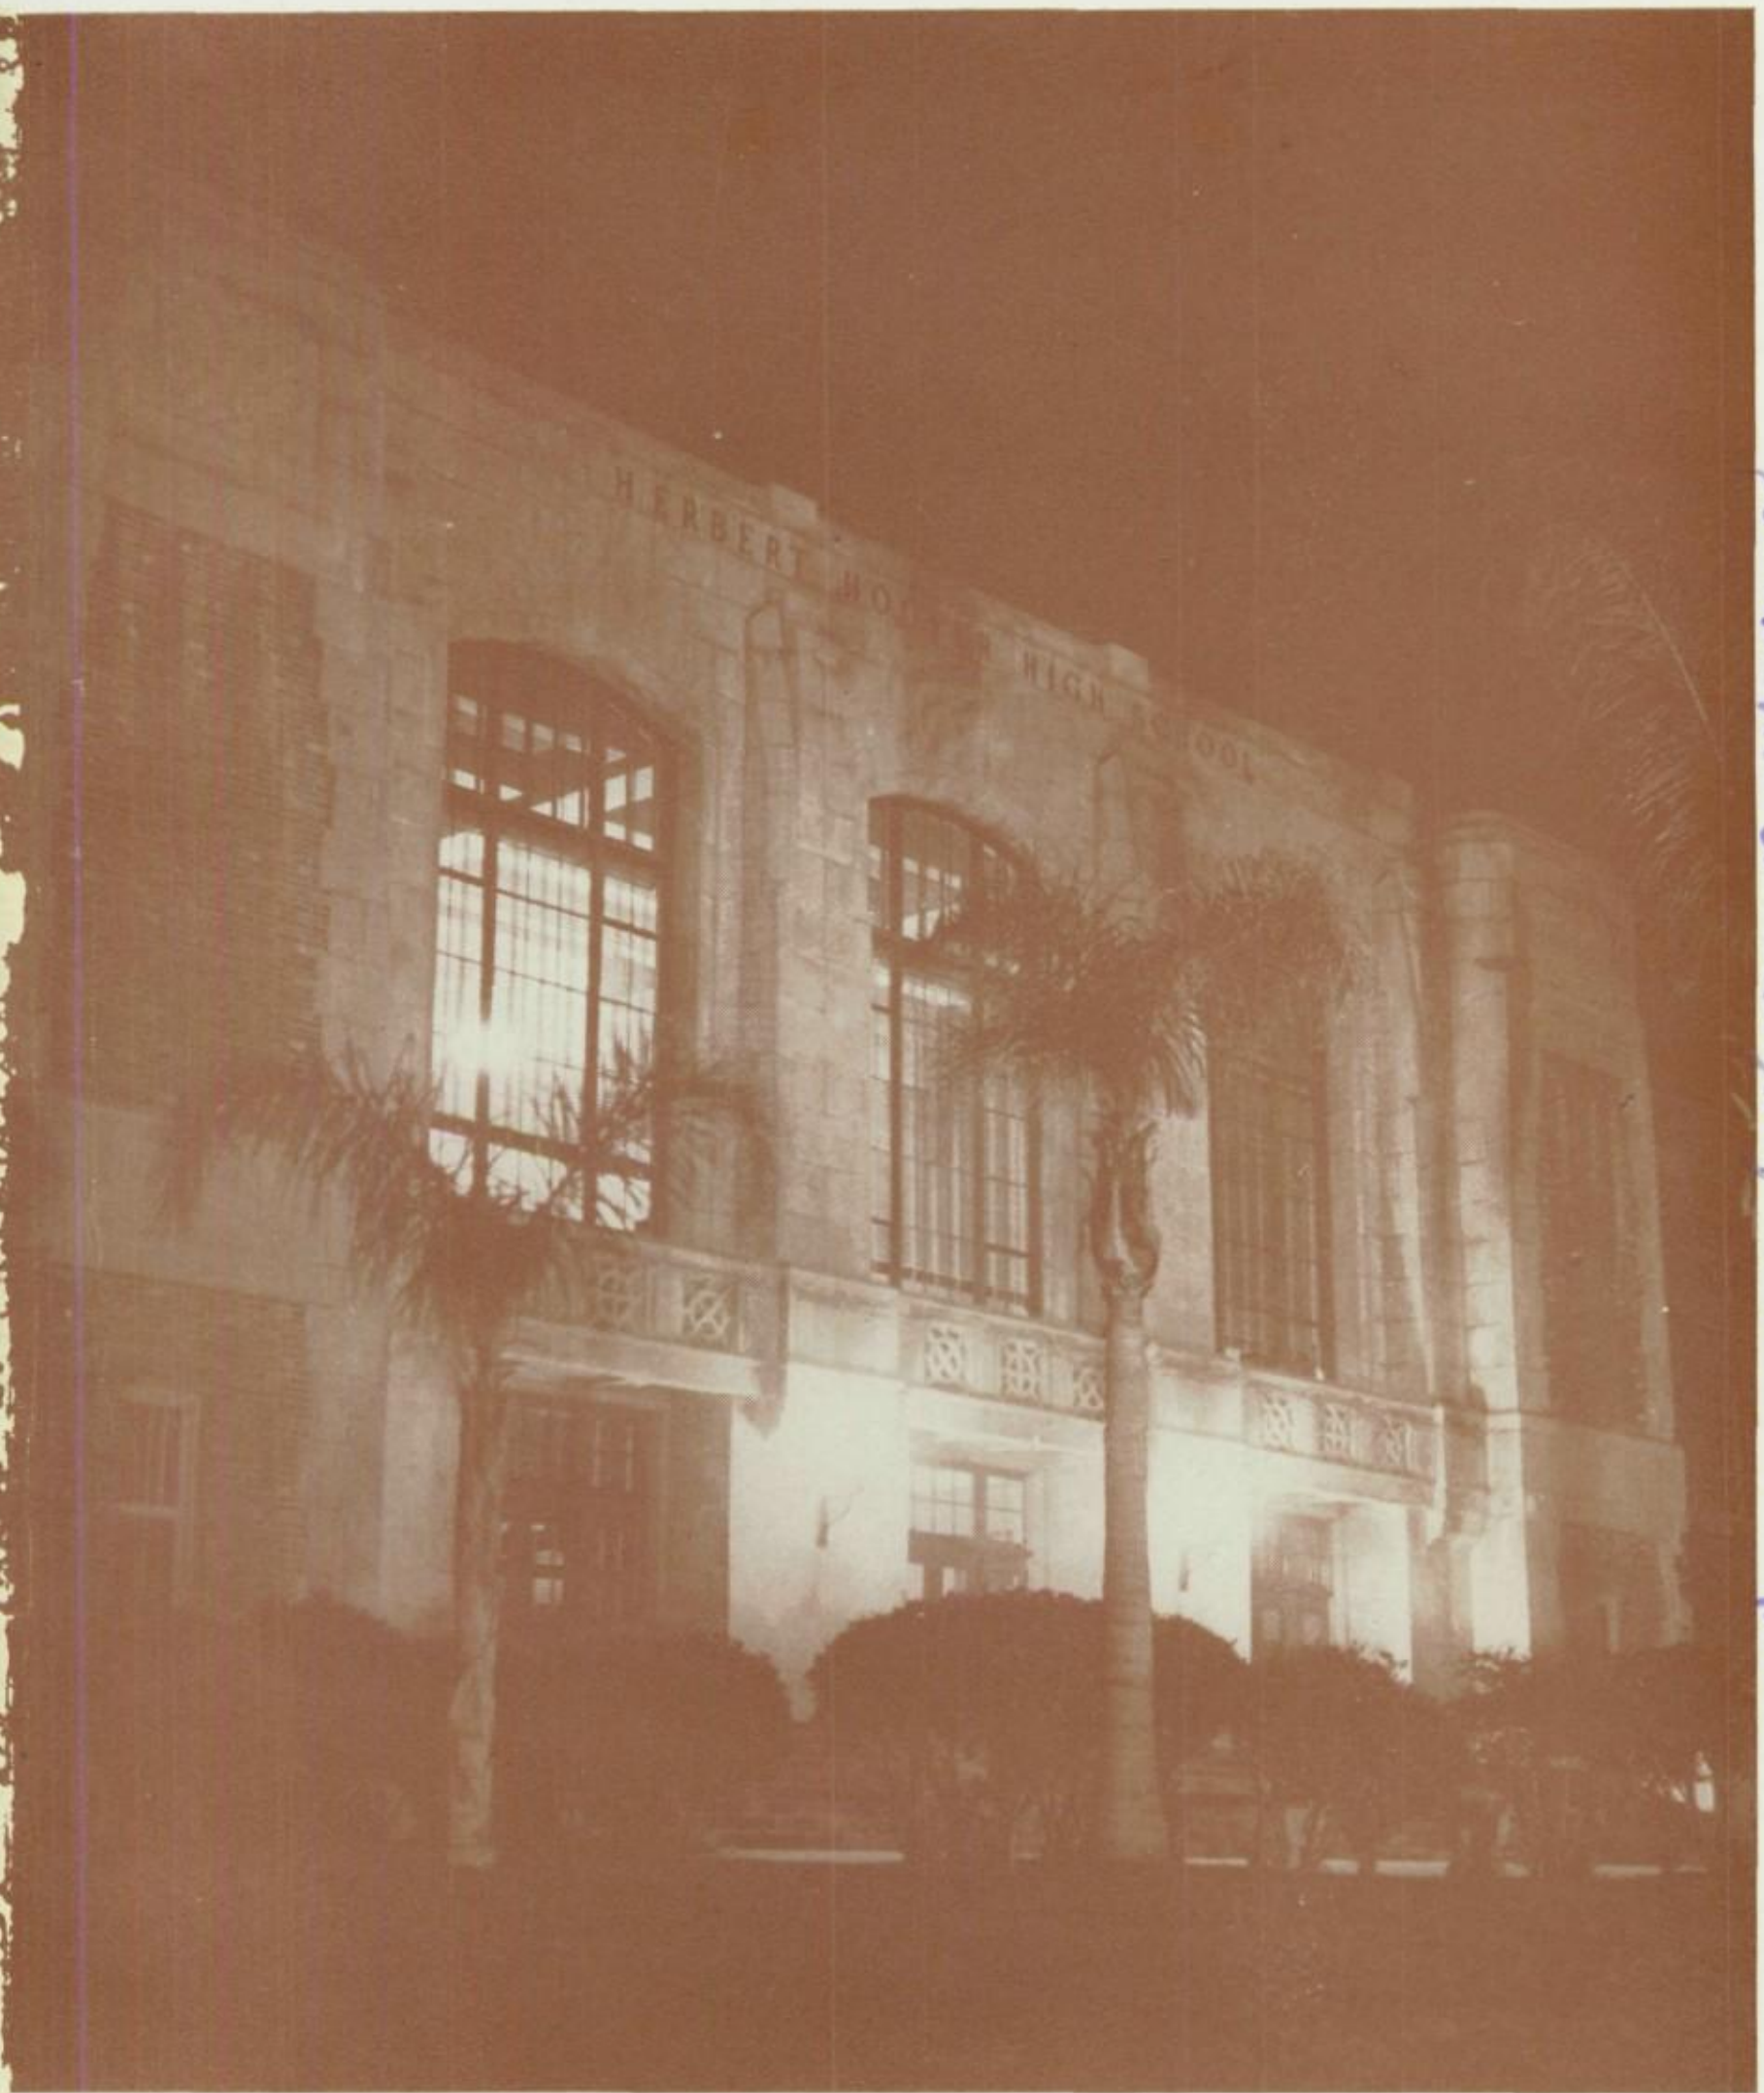

Campus...

HOOVER'S campus adds to her greatness . . . considered one of the most beautiful in California, it has stood since 1929 as a living symbol of democratic education . . . through its friendly halls have passed almost 8,000 young men and women, seeking preparation for life's long adventure . . . the buildings were dedicated to truth, liberty, and toleration, as perpetuated in a bronze plaque presented by the Native Sons of the Golden West . . . the portrait of Herbert Hoover which hangs in the main office was a gift from the President himself . . . enrollment of the new four-year high school was 1225 . . . today, registration for a three-year program is close to 1500 . . . the school at that time was complete except for the malt stand and the armory, which were later additions . . . careful landscaping, imposing architecture, and convenient ground plan add to Hoover's beauty and utility . . . through the years the classic campus of our alma mater in its beautiful setting has served as an inspiration to students and alumni and a monument to democracy and education for all . . . Hoover's campus makes her great.

You and Your

Leaders...

OUR LEADERS make Hoover great . . . we learn principles of democracy through our student government . . . we model our miniature republic after our national system . . . elect officials through the same method . . . the aim is student-faculty cooperation in making rules . . . an executive department is presided over by a Student-Body President . . . Cabinet members represent us in making rules and performing vital services . . . our Principal is the supreme authority, representing a more mature outlook . . . the judicial department is the Student Council . . . five-man body tries and punishes violators of student-made laws . . . corresponding to the national Congress is the student legislature . . . homeroom representatives discuss proposed rules, give the Cabinet student opinion to work with . . . League Boards direct boys' and girls' activities, while other campus groups have their own officials . . . our student government shows that we can make, enforce, and obey rules . . . we are proud of our first-hand experience of democracy and of the leaders we elect to prove the value of our system . . . truly these make Hoover great.

BOYS' PHYSICAL EDUCATION

DISCUSSING the work of the department are Howard Butterfield, who directs physical education activities and coaches Varsity basketball, and Clinton "Pop" Crow, who guided the Bee melonmen as they conquered all opposition in Southern California.

NO MISTAKING these coaches, who sport bright jackets with their names on them. Sparky Wilson expertly coaches Varsity baseball and Bee football, while Jerry Clement guides the Varsity football team and J.V. baseball squad.

TALKING to athlete Jerry Roberts is Vic Francy, one of prepdom's outstanding track mentors, whose championship teams have brought honor to the school.

THE MAN behind batter Bob Love is Coach Victor Cameron, who organized the new Cee basketball team and brought it through to a league victory.

G.A.A., whose formal title is the Girls' Athletic Association, sponsors after-school clubs, takes charge of sixth period gym, provides a point system for girls to earn letters and other awards, and holds playdays with other schools. The G.A.A. Board directs all these activities.

TENNIS is one of the most popular sports in after-school clubs. Miss Marie Habermann sponsors the club, and a tennis manager elected to the G.A.A. Board takes charge of the meetings and awarding of points.

TUMBLING enthusiasts meet to learn and improve their skills. Directed by Mrs. Esther Shillman and a tumbling manager, they perform for such programs as G.A.A. installations and school talent shows.

BADMINTON is another popular sport, judging by the number of girls who join this club. Members are divided into beginning, intermediate, and advanced players, as in all the clubs, in order to give each girl the program for which she is best suited. Mrs. Margaret Struble sponsors the group.

ARCHERY girls aim for bulls-eyes and perfect scores, but though their arrows do not always fly straight, they have lots of fun trying once a week after school. They are helped in their aim by Miss Frances Duryea.

PHOTOGRAPHERS Jim E. Miller, Neil Lake, and Howard Jackson, with the experienced aid of Mr. Chester Sanderson, spent many hours taking, developing, and printing pictures.

ALL-ROUND EXPERTS who gave much time doing anything and everything were Donna Knoblauch, Carol Houston, and Nancy Pinkerton.

WILLING WORKERS Anita Wehe and Fred Tonge helped out pasting, checking, and doing many odd jobs.

SATURDAYS were working days for Shirley Henning, one of the regulars who always showed up, while Jim Smith spent hours writing lengthy (and good) mechanical arts copy which was never used.

DRAWING PANELS was Vance Miller's specialty, while Carla Daum wore out a new Remington typing copy and turned up mornings to struggle with rulers and razor blades.

TYPING the dates is Ruth Jordan, who made up the dummies for second page first semester.

SPORTS events were favored by complete coverage and colorful write-ups from the hands of Vince Dundee and Bill Matthews, who each took a quarter at the helm first semester.

CHECKING the files is Lois Davis, mistress of the "If's" and news stories on third page the first semester.

READING up on the latest events is Shirley Henning, second-page editor second semester, who did a fine job, especially with such features as interviews and questions-of-the-week.

PURPLE PRESS staffs of both semesters worked diligently to produce a paper which all Hooverites enjoyed. Instructed, aided, and sometimes saved from fates far worse than death by Miss Mildred Hall, journalism adviser, they slaved week after week to give the students a newspaper par excellence. Capable Carol Houston took over the controls first semester, energetically directing a small but enthusiastic staff. Second semester spark-plug was Jim Cross, who brought fame to the words springing from 201's ancient Remington, while concreting the efforts of a large and worthy staff into Purple Presses which rank with the best.

VARSITY FOOTBALL

Once again Jerry Clement and Kenny Staub put a highly-spirited, winning aggregation on the gridiron to represent Herbert Hoover. The pigskinmen broke even in the practice season as well as in loop encounters. In the warm-up tilts they edged Santa Barbara and lost to the powerful Alhambra eleven, while in league play they scalped Covina, Montebello, and Glendale, dropping the nod to Monrovia, South Pasadena, and Burbank. In keeping with the best traditions of the school, this year's crew dropped the favored Glendale machine 14-6 in the Rose Bowl. This victory alone made the season a complete success. Hoover rooters will remember for years (as Glendale rooters remember with tears) when Left End Bill Dupree intercepted a Dyno forward pass in the deep flat and hotfooted it half the length of the field to the end zone.

Later in the game Sub-Halfback Dave Barry picked off another errant Glendale toss and rambled 17 yards for six more precious points. Twice Dean Fisher planted the oval high in the Rose Bowl stands to complete the scoring for the evening. This year's eleven ran out of the single wing, with veteran Warren Hart and hustling Frank Walker alternating in the tail-back slot. Jack Davis, Stan Boone, and Dom Gaudino were the blocking backs, while the little packet of TNT, Bob Wolff, provided a break-away threat. In the forward wall Neil Lake starred at center, Bruce Bell and Bob Brink at guard, Herschel Leffler and Don Herman at tackle. Bill Dupree and Steve Podesta were a scrappy pair of defensive ends, while the big boys, Jerry Roberts and Fred Pratley, came in to corral Hart's pitches when Hoover had the ball.

BEE FOOTBALL

Coach Sparky Wilson's Cyclone eleven fared a little better than their big brothers. They, too, split their practice games, but stomped Montebello, Glendale, Covina, and South Pasadena, while bowing only to Burbank and Monrovia in circuit play. Such speedburners as Don Kaljian, Denny Pender, Owen Stenzel, and Diran Donigan made the ground attack go, while Jim Carlile and Captain Rex Brinn took care of the air arm of the offensive.

VARSITY BASKETBALL

"Near, but, oh, so far" just about sums up the 1947-48 Varsity basketball season. Howard Butterfield's boys lost the crown to South Pasadena by the margin of a single field goal, 37-35, in a wild and woolly finish which nearly blew the roof off the Tiger's "crackerbox" gym. The Tornadoes beat every team in the league, including South Pas, at least once, but three heartbreaking losses dropped them to second place. In a post-season tournament, Hoover gave the vaunted Tartars from Compton the battle of their lives, before bowing to the eventual tourney champs, 45-41. This year's team was rich in basketball experience, as each of the starting five, Warren Hart, Bob Barley, Keith Reigelman, Chuck Duncan, and Captain Dean Fisher, was completing his third season in the Purple silks.

Summaries

BEE BASKETBALL

In his second year as Bee coach, Clinton "Pop" Crow really hit the jackpot. His classy basketballers took everything that wasn't nailed down, including the Santa Monica Lightweight Basketball Tournament, to wind up with twenty-five games won with only one defeat, a record without equal in Hoover basketball annals. Bob Rose and Captain Bob Herrold were named on the first all-Foothill team, while Randall Blakeley, Vince Dundee, and Jack Quinn garnered enough votes to make the second squad.

CEE BASKETBALL

Revived after the war, the Cee basketball quintet, under Coach Vic Cameron, swept a five-game schedule to become league champions. Captain Chuck Curley spurred the team to defensive heights, while Randy Dreier wound up as the ace point-maker.

TRACK

Ever since Victor E. Francy accepted the position of track and field coach here at Hoover, 'way back before most of us were born, spike fans have had nothing but cheers for his track teams. This year's squads combined to add another brilliant chapter to Francy's record book. After hurdling all dual-meet obstacles, Hoover's Varsity spread-eagled the field in the league finals with 71 points to the runnerup of 32. At press time, Purple hopes for the C.I.F. finals rode with defending champion John Bradley in the sprints, Jack Davis in the hurdle races, Gene Tande and Warner Johnson in the distances, and Captain Fred Pratley in the high jump and high hurdles. Bee contenders were Dick Mize in the low hurdles, Gene DesPard in the high sticks, and Ronnie Palmer in the pole vault, while Dick Vogel, Jim Klein and Mel Hill qualified for a chance at Cee medals.

BASEBALL

After a mediocre practice season, the 1948 version of Tornado swatsmiths really cut loose as the league gong rang, fighting their way to the top to emerge victors in the pennant chase. Mentor Sparky Wilson pinned his pennant hopes on the strong right arm of Warren Hart, No. 1 hill ace. A look around the infield found Ronny Hagerthy in the hot corner, wing-footed Don Kaljian at short, Bob Vance at the keystone sack, and slugger Don Herman guarding the initial hassock. Hersh Leffler wore the armor of the back-stopping trade, while along the picket line were Dave Simington in left field, speedy Alex Delianedis in the center pasture, and Bill Reid in right. Jerry Clement took over the Junior Varsity this spring and appears to have a great crop of ballplayers headed for the parent club.

TENNIS

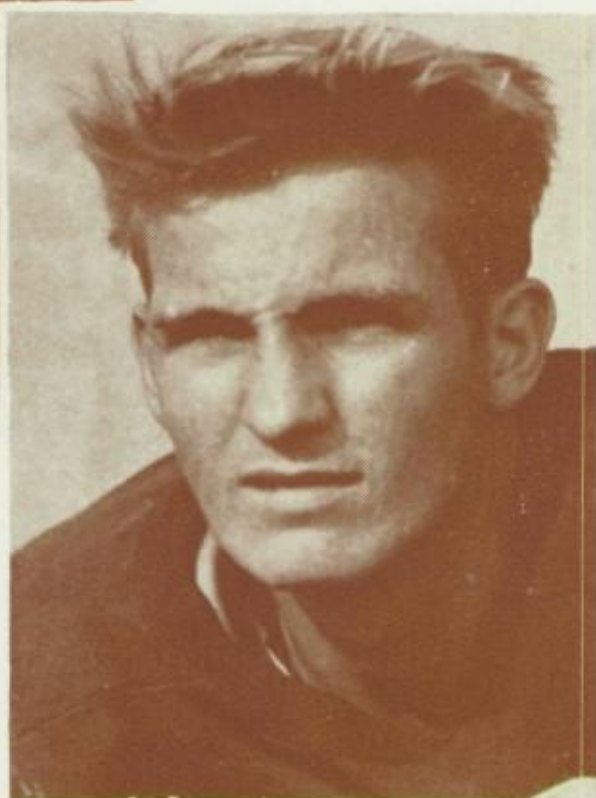

Hoover's rejuvenated tennis team, under the tutelage of Howard Butterfield, rounded into form late this season and showed flashes of brilliance as league matches got under way. Coach Butterfield had Ronald Huber in the first singles spot, followed by Bob De Long, Jim Madison, Jim Marko, and Dale Baldwin, while Bob Baldwin and Howard Jackson, and Carleton West and Leonard Bentley handled the first and second doubles, respectively.

VICTOR FRANCY for the second straight year coached the Varsity track team to the Foothill League championship. This year's squad nearly duplicated its predecessor's feats by racking up over 70 points in the all-league meet. Inasmuch as the 1947 tracksters were Southern California champs, Hoover was again tabbed the team to beat in the C. I. F. finals. Truly, Coach Francy has no peers in Southern California prep coaching ranks.

CAPTAIN FRED PRATLEY, undefeated in dual meet high jump competition, also furthered the Hoover cause by nabbing points in the high hurdles.

BIG GAMES: HERE . . .

THE ENTHUSIASM which marked the thrilling pigskin season of 1947 can be glimpsed from these pictures. Hooverites grabbed their purple and white beanies and pom poms and turned out with proud hearts and loud cheers for the Tornadoes. The song and yell leaders and the band, supported by the Student Body and the Pep Club, led the crowds in one of the most outstanding years of spirit Hoover can boast.

Candid's record colorful moments . . .

A GREAT ORGANIZATION, the Hoover High Pep Club, was created through the energetic efforts of Mr. Lloyd Junhke, band director, Jeannie Hanson, song leader, and their assistants. Two weeks before the big Burbank battle this crew signed up some seventy girls and, with the help of Miss Frances Duryea, drilled them before school, after school, Saturdays, and holidays. Because of this training and each girl's cooperation the Pep Club turned out a blue-ribbon performance, not only for Burbank but in the following glorious Glendale slaughter and the South Pas game.

IT WAS RAINING and cold, but it takes more than a little H₂O to dampen the typical Hoover spirit. Three hundred or more rooters boarded the chartered train, while the rest took anything on four wheels, arriving with soggy streamers and loyal cheers in time for the opening kick-off to a battle royal. Much credit goes to Mr. Lloyd Juhnke and his band, who trekked to every game, drilled before and after school, put on good half-time exhibitions, and injected much enthusiasm into the bleacher brigade. Thank You!

"All are needed by each one; nothing is fair or good alone." — EMERSON.

Dear Readers:

At the completion of any work which takes the cooperation of many people there comes the traditional time for thank-you's. However, neither duty nor custom prompts these expressions of gratitude; they come from the heart.

To the staff members who so willingly gave time and talent to help put out this 1948 Scroll go my undying thanks. It couldn't have been done without them.

A very special "merci" goes to two of the finest girls who ever lived, **ALEENE BARNES** and **RUSTY BROWN**, who gave more than hours — they gave days, weeks, and even months for the cause. The empty paste bottles, well-worn razor blades, crumpled sheets of paper, broken-down typewriter, and this year's annual remain as proof of their industry, ability, and clever ideas.

Three other staff members have earned special mention for their hard work. **NEIL LAKE**, **HOWARD JACKSON**, and **JIM E. MILLER** could be found most any Saturday developing and printing the pictures they had taken during the week. Equally industrious was **MR. CHESTER B. SANDERSON**, superb photographer, who not only supervised the picture-taking and making, but gave much of his precious spare time to produce some of the excellent shots in the book.

Another energetic duo on the staff were business manager **JIM MADISON** and his assistant, **JOHN STARK**, who deserve much appreciation for their sixth-periods and afternoons spent counting receipts and money, making refunds, and conducting Scroll sales and advertising campaigns.

MR. JOHN USILTON, Hoover printshop teacher, and **MR. CHARLES LOBE**, commerce instructor, receive a vote of thanks for their contributions — Mr. Usilton for being our business front and arranging contracts with printers, engravers, and binders; Mr. Lobe for his fine job in soliciting advertisements and supervising the salesmanship class which sold most of the ads. To every member of this class who cooperated in this project go sincere thanks.

The groundwork laid by all these would not have produced a completed book if it were not for the efforts of the engravers, binders, and printers. I want to thank the **GLENDAL ENGRAVERS** for all the zinc they used to change our pictures into engravings and the **EARLE GRAY BOOKBINDERS** for the terrific job they did in topping off the 192 pages with such a well-made, attractive cover. The gratitude of the entire staff goes to the **PIONEER PRINTERS** for being so considerate and helpful. Their careful workmanship is apparent on the pages of this Scroll.

The staff especially appreciates the support given them by the advertisers, who made it possible to have a larger book with new features. Their good wishes will be found on the following pages.

And now, following the tradition of putting the best at the last, on behalf of the other editors and myself, I would like to express our most sincere appreciation to **MISS MILDRED HALL** for all the things she has done for us. Far more than being merely an adviser, she surrendered her Saturdays and practically all of her free time to encourage and counsel us. Besides blazing a trail between Hoover and the engravers, binders, and printers, she also wore out her car serving as official chauffeur to Scroll staff members. Such acts as these show her unselfish spirit. She will not be forgotten; she makes Hoover great to remember!

Sincerely yours,

BEVERLY BOCK
